

Biostatistician II

Position Number: B-II.0121

Cancer Research And Biostatistics (CRAB) is a non-profit organization whose purpose is to help conquer cancer. The tools and expertise we bring to clinical trials development include biostatistical principles, oncology clinical trials expertise, data management and monitoring capabilities, electronic data capture solutions, education, support, and training.

Position Summary:

An exciting opportunity is available for a biostatistician to join a small group of biostatisticians focused on cancer clinical trials and related translational research. CRAB is responsible for the design, management and analysis of a variety of phase I, phase II and phase III cancer clinical trials, as well as the analysis of associated laboratory data, including microarray and proteomics data.

Primary Duties and Responsibilities:

- Designs and analyzes clinical trials and associated ancillary studies in collaboration with fellow statisticians and other scientists
- Independently provides statistical consultation with collaborating staff
- Takes primary responsibility for conducting the statistical analysis of project data
- Prepares tables, figures, and written summaries of study results; interprets results in collaboration with other scientists; and assists in preparation of manuscripts
- Performs other duties as assigned

Required Qualifications:

- Master's Degree in Statistics, Biostatistics, or related field
- 5 years relevant Biostatistical consulting experience post degree
- Sound knowledge of applied statistics
- Proficiency in statistical computing in SAS
- Travel required

Desired Knowledge, Skills and Abilities:

- Knowledge of CDISC compliance
- Ability to communicate well orally and in writing
- Proficiency in S-Plus or R programming language
- Experience with analysis of high-dimensional data
- Provides training/mentoring to other biostatisticians
- Excellent interpersonal/teamwork skills for effective collaborations
- Spanish language skills a plus

This is a full-time position and is Exempt from state and federal overtime regulations.

Employment authorization is required.

Travel/relocation expenses will not be provided for this position.

CRAB is an Equal Opportunity Employer.

In your cover letter, describe how your skills and experience match the qualifications for the position.

To apply, submit resume and cover letter with position number via mail, fax or email to:
