

Systems Analyst/Programmer I

Position Number: SAP-I.1021

Cancer Research And Biostatistics (CRAB) is a non-profit organization whose purpose is to help conquer cancer. The tools and expertise we bring to clinical trials development include biostatistical principles, oncology clinical trials expertise, data management and monitoring capabilities, electronic data capture solutions, education, support, and training.

Position Summary:

With some supervision, the Systems Analyst/Programmer I develops a wide variety of applications in Microsoft Visual Studio with a high degree of database connectivity. The position requires basic skills in HTML, SQL, and C# or Java.

Primary Duties and Responsibilities:

- Develops and codes web-based database applications utilizing the Microsoft .NET development environment and the Medidata Rave Application Programming Interface (API)
- Maintains, enhances, and provides technical assistance with existing custom-developed applications
- Creates custom applications and utilities to automate business processes
- Ensures adherence to established development and documentation standards
- Plays a role in the analysis and introduction of new .NET framework technologies
- Provides technical support to users of our database applications
- Performs other duties as assigned

Required Qualifications:

- BS degree in Computer Science or related degree or 4 years technical programming experience
- Must be proficient in C# or similar language (e.g. Java), HTML, SQL, and JavaScript
- Comfortable working with a third-party API as needed

Desired Knowledge, Skills and Abilities:

- Excellent organizational skills
- Ability to communicate well orally and in writing
- Must display strong attention to detail
- Knowledgeable in maintaining and documenting software development procedures
- Excellent interpersonal/teamwork skills for effective collaboration
- Experience with source control tools like DevOps or Git
- Spanish language skills a plus

This is a full-time position and is Non-Exempt from state and federal overtime regulations.

Employment authorization is required.

Travel/relocation expenses will not be provided for this position.

CRAB is an Equal Opportunity Employer.

In your cover letter, describe how your skills and experience match the qualifications for the position.

To apply, submit resume and cover letter with position number via mail, fax or email to:
